Federal Severe Violator Enforcement Log: Severe Violator Enforcement Cases

SVEP Log Coding

Column M: SVEP Criteria

Egregious	Any egregious enforcement action
Fatality	1 or more willful, repeat, or failure to abate based on a serious violation related to a death of an employee or three or more hospitalizations
NF-2WRFTA	Non Fatal - 2 or more Willful, Repeat, or Failure to Abate citations based on high gravity violations related to a high emphasis hazard
NF-3WRFTA	Non Fatal - 3 or more Willful, Repeat, or Failure to Abate citations based on high gravity violations related to hazards due to the potential release of a highly hazardous chemical, as defined in the PSM standard

Column N: SVEP Actions Conducted

ENHSA	Enhanced Settlement Agreement
CO HQ	Company Headquarters

Column O: Follow-ups and Relateds

C-R	Construction related/referred (see SVEP Directive paragraphs XV(B)(1) and XV(B)(5)).
GIE-R	General Industry related/referred (see SVEP Directive paragraphs XV(B)(1) and XV(B)(4)).
FU	Follow Up (see SVEP Directive paragraph XV(A)).

- The coding in Column O cross references the original SVEP case with all related inspection activity. The numbers listed refer to SVEP Log Numbers listed in Column C. Cross-referenced inspections may also be located using the employer's name.
- SVEP Cases may be found on the *Severe Violator Enforcement Case List*. All related and follow-up inspections may be found on the *Follow-up and Related Inspections List*. Both lists may be found at http://www.osha.gov/dep/index.html.

Column P: Construction or non-construction

C	Construction
NC	Non-Construction

Column T: List of compelling reasons for not conducting a follow-up:

1	Worksite/workplace closed
2	Employer is out of business
3	Operation cited has been discontinued at the worksite/workplace
4	Case no longer meets any of the SVEP criteria because citation has been

- The Federal SVEP Log is updated and posted quarterly. Changes in an employer's Severe Violator status subsequent to this quarter's posting will not appear until the next update.
- Inspections with SVEP Criteria coding (e.g. Fatality, NF-2WRFTA) are SVEP cases. SVEP cases trigger follow-up (FU) and referral (GIE-R, C-R) inspections. Follow-up and referral inspections are not SVEP cases themselves unless otherwise indicated.
